

# PROFF WOODCARE DEEP CLEANER A + B

[www.proffwoodcare.com](http://www.proffwoodcare.com)

## AREAS OF APPLICATION:

Proff Deep Cleaner 1 + 2 is a system solution and an easy way of getting overgrown and extremely dirty garden furniture and decking boards cleaned thoroughly into the grain of the wood including old dried oil residues. It is an easy and perfect way of getting overgrown wood clean without having to sand down the woodwork. It strips the wood and brings back the original colour of the material. After using this system solution, the woodwork is unprotected and will require reoiling. Deep Cleaner 1 dissolves green growth, fungus and dirt and Deep Cleaner 2 neutralises the previous application and brings back the colour.

Note that both products must be used in combination!

**Preparation:** Deep Cleaner A and B may discolour cement stones and wood. Therefore make the cleaning in an area with access to sewerage and out of direct sunlight.

## WORK INSTRUCTION

1. Soak the wood work with plenty of water – with garden hose.
2. Now apply Deep Cleaner 1 with brush. Wear goggles for eye protection and gloves for skin protection. Scrub the wood work till dirt and green growth are dissolved. Deep Cleaner A is not diluted for use only in connection with Pine and Oak, Deep Cleaner A is mixed with water in ration 1:3.
3. Now rinse the woodwork thoroughly and make sure that all dirt is removed.
4. While the woodwork is still wet, Deep Cleaner 2 is applied with brush. Scrub Deep Cleaner 2 well inside the grain till the wood appears lightened.
5. Now rinse the woodwork thoroughly and leave to dry before application of Proff Exterior Wood Oil.

## DEEP CLEANER 2

Deep Cleaner 1 + 2 is a system solution and an easy way of getting overgrown and extremely dirty garden furniture and decking cleaned thoroughly into the grain of the wood. It is an easy and perfect way of getting overgrown wood clean without having to sand down the wood work. It strips the wood and brings back the original colour of the material. After using this system solution, the woodwork is unprotected and will require reoiling. Deep Cleaner 1 dissolves green growth, fungus and dirt and Deep Cleaner 2 neutralises the previous application and brings back the colour.

Note that both products must be used in combination!

**Preparation:** Deep Cleaner 1 and 2 may discolour cement stones and wood. There make the cleaning in area with access to sewerage and out of direct sunlight.

1. After using Deep Cleaner 1, now continue with Deep Cleaner 2 in direct continuation when the wood is still wet.
2. Deep Cleaner 2 is applied with brush and keep applying till the wood is lightened.
3. Continue now with rinsing the woodwork possibly with garden hose.
4. Leave the furniture to dry which can take up to 48 hours depending on temperature.
5. After complete drying, the woodwork is sanded lightly and Proff Woodcare Exterior Oil is applied. It is recommended to use a pigmented Exterior Oil for better protection.

**Consumption:** 1 litre to 15 – 20m<sup>2</sup> of woodwork

**Storage:** Keep in tightly closed original packaging. Do not expose to heat (e.g. sunlight). Store frost-free and out the reach of children.

**Note!!** Please always make a test coat on the surface for controlling the compatability
