

PROFF WOODCARE THINNER

www.proffwoodcare.com

AREAS OF APPLICATION:

Proff Thinner is a mild solvent for cleaning tools used for oiling or paint brushes used for oil paint. In case of oil based oils, it may be used for thinning down these.

WORK INSTRUCTION

1. Pour small quantity in plastics container and rinse any tools for cleaning dissolving the oil left of the tools
2. If paint brushes should be cleaned, do as above.
3. If Proff Oil or High Solid Proff Oil has gone sticky during application and buffing, a thinner can be sprayed on the floor to dissolve the oil and make it workable again.
4. If thinner is added to Proff Oils to lower viscosity, stir well before use.
